What Is Going On Tonight
Pythian Sisters, Parlor Temple, No. 2, meets at 8:05 Main street.

Recreation park is open evenings to the citizens of Willimantic and may have taken the opportunity to enjoy the pleasure afforded there. An expert playground instructor has been secured for the summer and will be at the park from 10 to 12; 2 to 5; and 7 to 9 each day. The variety of amusements provided is great, games for young and old being included.

The park is one of the prettiest spots in the city, and shade trees many of which are situated along the river banks made an ideal protection from the sun. The park is absolutely safe for children, as the grounds are entirely enclosed and the instructor will be present to take charge of an activities in which the children engage. During the summer, certain days will be set aside when classes will go to the swimming hole on the Natchaug river, where they will be taught to swim. On other days free shower baths will be ready for use Mondays and Thursdays have been set aside for the girls.

Among the attractions at the park, are two tennis courts, two croquet courts, two croquet courts, three croquet courts, a baseball field, four sand boxes, outdoor basketball, volleyball and a number of small games such as ring toss, bean bag, etc. The American Thread Co. has done much to make the park an up-to-date recreation ground for Willimantic citizens, especially for the employees of the company. Mr. Halstein, the park director will be glad to aid any one enjoying his special line of sport. There is a telephone at the park.

The ground is an ideal place for picnics and with this in view there have been placed along the river bank, twenty-four large lawn swings and thirty-six large settees. People have been asked to observe any practical suggestion to Mr. Halstein, as it is desired to make Recreation park a pleasure ground to the people's taste.

Mr. Halstein, the playground director, is a graduate of the University of Vermont and besides being a ball player of skill has studied the playground problem and is considered an expert in the line of work. The mothers of the city can entrust their children to his care during the summer days and rest assured that the youngsters will have the best of supervision.

Deep River.—An inquest into the death of Clarence N. Boyington, who died in Deep River following an automobile accident on Sunday, will be held this (Friday) afternoon by Coroner Stephen B. Davis.

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach often leading to gastritis accompanied by serious stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing action on the stomach acids. Instead get from any druggist a few ounces of Bisulphate of Magnesia and take a teaspoonful. This will drive the water right after food right out of the body, sweeten the stomach, reduce the excess acid and prevent its formation and there is no sourness or pain. Bisulphate of Magnesia (in milk) is harmless to the stomach. It is expensive to take and the best form of magnesia for stomach purposes is used by thousands of people who enjoy their meals as never before.

Simply get an ounce of Othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case. Be sure to ask the druggist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove freckles.

Tells "Anxious Bride" How to Have a Rosy Complexion

DEAR MISS WILDER,

I am 26 years old and have been married a year. I seem to be losing the natural color I used to have, and my skin looks coarser and feels dry and lifeless. Although my husband has never mentioned it, I know that he has noticed the change and my heart turns cold to think that I may lose his love if I let my good looks vanish. Please tell me, dear Miss Wilder, if there is anything I can do, and relieve the awful anxiety I am suffering from.

ANXIOUS BRIDE,

MAE EDNA WILDER

"Do not be alarmed, my dear. A girl of your age need not fear losing her looks or her husband either, if she uses a little care and common sense in regard to her complexion. The important thing is to give your complexion regular treatment with a real beautifier, because your face needs protection from weather, exposure and dust. The best thing I have found in Derwille, a simple toilet preparation which you should be able to get at almost every drug store. Prepare the ointment as directed in every package of Derwille. It is a lovely cherry-blissom softness and delicacy which becomes permanent after continued use of Derwille."

"The best method of application is as follows: Get 10 cents' worth of ordinary ointment at any grocery store, and a bottle of Derwille at any department store. Prepare the ointment as directed in every package of Derwille. It is a lovely cherry-blissom softness and delicacy which becomes permanent after continued use of Derwille."

JEWETT CITY

All Thursday morning the borough was on watch for the Norwich Suburban airman. He have in sight at just the right time, as the 400 old Riverside school children filled the streets. One sharp-eyed girl claims the distinction of first getting a glimpse of the approaching plane. Then there was a great shouting and running. The machine passed over the town at so great an altitude that, under the influence of a stiff northerly breeze, most of the 400 were blown over the town, well above the church spire. Some, however, landed and they could not have been pounced upon with more avidity had they been dollar bills. The rattle of the exhaust could be plainly heard a minute or more. The word was received in the borough that he was coming from Mrs. Frank Geer. The flyer passed over her home, a farmhouse, three miles above the town, low down, and between a bundle of bills which partly papered the farm. She called The Bulletin in Jewett City and told the news. One man said: "Hope when that fellow comes again he'll get a little tighter."

Anne Brewster Fanning chapter, D. A. R., was entertained at the home of Mrs. G. H. Jennings Wednesday afternoon. Mrs. R. F. Cheney, the vice regent, presided in the absence of Mrs. F. L. Kanaana. Mrs. A. C. Ladd, Mrs. E. H. Hilscox and Mrs. E. C. Bliss were appointed judges for essays on What America Means, written by pupils in Riverside grammar school. Mrs. E. A. Faust presided the chapter a framed picture of the president-general, Mrs. George Maynard Minor. New officers elected are: Regent, Mrs. B. C. Bliss; vice regent, Mrs. R. F. Cheney; secretary, Mrs. C. T. Armstrong; treasurer, Mrs. H. G. Olson; registrar, Miss Alice A. Brown; historian, Mrs. A. M. Brown; librarian, Mrs. G. H. Jennings; chaplain, Mrs. Herbert Nyquist. Mrs. James Cray extended an invitation to attend a lawn social at her home Tuesday afternoon, June 21, and this was accepted. It was voted to renew subscriptions to D. A. R. magazines for library and lecture rooms; also to do sewing for Red Cross on layettes. Refreshments were served by Mrs. Jennings, assisted by Mrs. Ladd.

A considerable representation of Jewett City baseball fans will visit Plainfield Sunday to see the Red Sox play the New Haven.

It is reported that the fish and game laws are again being violated by the taking of black bass. The open season is now on, and it is hoped that the Game Warden W. R. Palmer is a busy man these days, and he is as conscientious as he is busy. Every attempt is made to reduce the number of infractions of the state game laws. He has a hill of corn and then attends to a call on the phone, then rushes out and kills a potato bug, only to be recalled again from the field by the strenuous duties of his office.

Thomas Sharkey of Attleboro is visiting in town with his mother on South Main street. Mr. Sharkey is a native of Jewett City.

Francis Y. Brown of Dartmouth college is home for vacation.

In the dead of night recently a woman who lives in a house just outside the borough limits was awakened from her slumbers by a stealthy scraping and scratching in the spare room. The man of the house was cautiously aroused and impudently the whispering information that burglars were operating within a couple of feet of his head. The man arose, grasped his trusty revolver, and crept on all fours toward the chimney. He could hear the noise and was ready to take his medicine in defense of his family and valuables. As he was about to snap on the light and shoot, hit or miss, he detected a faint flutter mingled with the scratching. At this point his pumping apparatus eased off a bit. Upon entering the spare room, with his plucky wife at his heels, armed with a broom, he decided that the "noises" came from behind the fireplace board. A quick pull and it came out all at once, and with it a fine flock of chimney swallows, young and old, nests, eggs, nest and all. With many sighs of relief the windows were opened and such of the feathered burglars as could fly were induced to leave; the others were returned whence they came; the dorringer was carefully unloaded, the mop put away, and the family again retired.

Miss Alice Blair, who is in the nurses' training class of the Massachusetts General hospital, is at home for a recess of few days.

spots, coarse pores, rough skin, blemishes, wrinkles, and in fact, every blemish on the face, hands and arms are their lot. If your neck or chest is discolored from exposure, apply this combination. There and the objectionable defect will disappear as if by magic. It is absolutely harmless, and does not produce or stimulate a growth of hair. Since short sleeves are in vogue, it is necessary to have beautiful hands and arms, no matter how rough and ungrainy they have had through hard work and exposure to sun and wind this combination will work a wonderful transformation. Thousands are using it report the same results I have had."

NOTE—To get the best effect be sure to follow the complete directions contained in every package of Derwille. You have only to get Derwille and use it as directed. It is so simple that any one can use it, and it does not cost more than a few cents. The manufacturer and druggist guarantee that you will get a permanent improvement after continued use of Derwille. It is sold in this city under a money refund guarantee.
